

The Best
Cough Drops
Are Drops
of Ayer's
Cherry Pectoral.

Sixty years ago physicians first used Ayer's Cherry Pectoral, and ever since then it has been the standard cough remedy all over the world. Thousands of families, in Europe, Asia, Africa, and America, keep a bottle of it in the house ready for an emergency.

Ayer's Cherry Pectoral

controls the spasmodic efforts of coughing, relieves the congestion in the throat, quiets the inflammation in the bronchial tubes, and prevents the lungs from becoming involved. There are many substitutes and imitations. Be sure you get Ayer's Cherry Pectoral. It contains no narcotic or poison of any kind.

Put up in large and small bottles.

SPORTS

THE RIFLE TEAM WHICH LEFT YESTERDAY TO REPRESENT THE NATIONAL GUARD OF HAWAII AT THE NATIONAL SHOOT.
Top row, reading from left to right: Evans, Chillingworth, Gouveia, Evans, Phillips, Duvauchelle, Chillingworth, Pinoa, Stone, Ferreira, Brede.
Bottom row: Lt. Coster, Capt. Cummins, Lt. A. Coyne, Maj. Riley (team captain), Maj. Rose, Capt. Neely, Lt. Whitehead.

Hawaii's representative rifle shots left for Camp Perry, Ohio, to attend the national rifle shoot, yesterday afternoon in the S. S. Alameda, leaving the Oceanic wharf at 2:15 o'clock for San Francisco.

Of the large crowd on the wharf a big section could be easily distinguished as present especially to say farewell to the marksmen. The sharpshooters, in uniform and smothered with leis presented by relatives and other

admirers, lined the rail forward and up to the last moment before sailing exchanged cheers with those ashore. They cheered Col. Sam Johnson who could not go and those on the wharf cheered the team and shouted good wishes. The Hawaiian band played patriotic selections, rendering "Victory" for the first time. The send-off was enthusiastic and if the wishes of their friends are inspirations the members of the team will distinguish themselves.

TENNIS FINALS PLAYED TODAY

Lowrey Meets McKeever for Right to Challenge Roth.

This afternoon and tomorrow will complete the men's championship singles on the local tennis courts. The final match in the tournament will take place this afternoon at 4:30 at the courts of the Pacific Tennis Club and fine play should be seen. A. M. Keever of Ewa will meet A. J. Lowrey of this city in the trial to see who will play in the challenge match against Champion Roth. While McKeever is a strong favorite in the opinion of the local tennis experts, Lowrey is playing a much stronger game than usual, as was shown by his defeat of H. S. Grey, in the semi-final round. It was supposed that Grey would prove an easy winner, but the opposite turned out to be the case.

The challenge match will take place on the same courts and at the same time on Friday. There will be a big crowd of tennis lovers on hand to see the play, which is sure to be fast and interesting. Roth is in good shape and the man who takes the championship away from him will have to play strong tennis.

Athletic Notes

With J. F. Fleming and Dr. Baldwin in good shape for the polo game of Saturday, the score should be reversed.

The postponed meeting of the Chinese Athletic club will take place this evening at the Chinese Y. M. C. A. clubhouse. A full attendance is desired.

The Diamond Head ball team is badly disorganized with Sam Chillingworth and Bill Chillingworth both away for the national shoot, and with Darcy on the bench.

Entries for the Haleiwa golf tournament close tomorrow at E. O. Hall & Son.

The pretty backhand work of C. C. Krumbhaar was one of the features of the polo game.

Dave Fleming was not as spectacular as some of the players but when he missed a stroke it was noticeable from the fact that he played the steadiest game of all the players on the field.

Harold Castle was greatly disappointed at not getting a chance to play. It looked as if he would have to at one time, when Fleming was really in shape for a doctor's care.

Charlie Rice made a perfect referee, and was very satisfactory to both teams.

The number of machines at the game showed that the automobilists have not by any means given up their love of horse flesh.

Bob Shingle did well, but at times ran away from his position in his eagerness to follow the ball.

That brace in the last period, was one which stirred the spectators to cheers and the autos to honks.

If the goal judges should have lost their hats no one would have known when either team scored.

HOW THEY JOSH OUR BARNEY JOY

Hawaiian Already Drafted by the St. Louis National League Team.

Barney Joy is so good natured that he has been chosen as the receiving end of most of the practical jokes sprung in the Pacific Coast League. Here are the details of the very latest one:

If you are one of the dyed-in-the-wool boys you have probably noticed, if you are not too busy talking over the way Bill Devereaux stood on his head during the fourth inning, a very nice fruit stand that is located near the entrance to the grounds. In fact this stand is strictly class A in every particular. Well, after the game last Wednesday Truck Eagan's eye was attracted by a pile of luscious water-melons that the trusting fruiter had left piled near the back door of his stand. These melons looked so good to Truck that he commenced a flank movement on the unsuspecting fruit merchant, and succeeded in getting away with one of the largest in the pile. Silvers Henley and Nick Williams aided and abetted him in this undertaking. Tucking the melon under one arm Truck and his partners in crime started up the street. They were somewhere near Fourteenth street, when they met Barney. As soon as the big boy spied the melon he commenced to drool at the mouth.

"Here," said Williams, "carry this; it is getting too heavy for me." Barney, always obliging, tucked the "goons' delight" under his arm. As soon as he saw this move Truck excused himself and beat it back to the fruit stand. Eagan reached the place out of breath and informed the green goods man of the theft.

The merchant counted up the melons and sure enough one was missing. Truck, Johnny on the spot, volunteered to lead him to the guilty party. With a policeman they reached the unsuspecting Barney and the popular pitcher felt the stern arm of the law grasping his shoulder and the slack of his pants, while the fruit merchant shrilly accused him of the theft. Of course, Barney denied this, and having been a policeman himself gave the sign of distress. Nothing stirring. Ding-a-ling went the call for the wagon and Barney shivered. By this time Silvers Henley began to get alarmed at the serious turn that their joke had taken and attempted to explain matters to the minion of the law. The cop, being a new one on the beat and anxious to make a record, refused to listen to his explanations. So Williams posted off to headquarters and it took the combined efforts of Danny Long and Jack Gleason to release the now thoroughly frightened trio of practical jokers.—S. F. Bulletin, August 6.

Danny Long will lose Barney Joy to one of the major league clubs beyond any doubt. Already President Cal Ewing has received communications from managers asking him to name terms, but there is no disposition on the part of the local club to sell Joy, though it may be compelled to. The Honolulu star is a warm favorite with San Francisco fans, and Manager Long would be pleased to hold him another season, and really Barney ought to play an-

other year in minor company before going up into the fast set. Though he has done splendidly, he has much to learn, and besides he needs to have better control of the ball. But the writer supposes that Joy will be lost to the Seals, for if Long fails to sell him there will be any number of drafts put in. As a matter of fact, the St. Louis National League club has already stuck a draft in for Barney.

FINE WORK AT KAKAOKO TRAPS

Though few members of the Hawaiian Gun Club took part in the weekly shoot for the challenge cup at the Kakaoko traps yesterday afternoon, the shooting was of the highest class that has been seen there for many a day. Two of the members, K. B. Porter and J. W. Harvey, tied for first place, both with perfect scores. In the shoot off Porter won, taking the next four birds without a miss, while Harvey fell down on his fourth bird. The other members of the club who shot, all made scores high enough to win in the usual weekly competitions, but against the clean work of Harvey and Porter they had little show.

The scores made were as follows:
K. B. Porter, 20 out of 20.
J. W. Harvey, 20 out of 20.
J. A. Robb, 18 out of 20.
H. M. Whitney, 19 out of 25.
J. Connor, 19 out of 22.

There should be a big crowd at Saturday's game and the odds will be that Oahu evens up the score.

WANTS TO FIGHT TOMMY BURNS

Billy Delaney still has unbounded faith in the ability of his husky protégé, Al Kaufmann. So much faith has the veteran trainer in his man that he is after Tommy Burns hand and foot for a match, bringing forth arguments that are very hard for the agile Burns to hurdle. Delaney declares that his man has now had a good long rest and that he has improved in his boxing. Furthermore, he hit Burns squarely between the eyes with the argument that he, Burns, has not conclusively proved to the public that he is a drawing card. According to the reasoning of Delaney, Burns had sneaked upon the heavyweight title from behind and that he will have to do a lot of fighting before he will convince the general public that he is entitled to pose as the champion heavyweight of the world. Delaney mentioned what a poor drawing card Burns had proven himself in the theatrical line and declared that if Tommy did not win from more men in a decisive fashion that this lucrative branch of the pugilistic field would always be a closed door to him. In answer to Delaney's impassioned arguments Burns stated that he did not consider Kaufmann a drawing card and that furthermore, he was looking toward a match with Jeffries; that he had a hunch that he was the big fellow's master and that he intended to challenge the alfalfa mine in the near future. Whether or not this is a threat on the part of Burns to boost his theatrical stock or whether the size of his hat band has increased so much of late that he has persuaded himself that he really has a chance with Jeff, it is hard to say. One thing is certain, this assertion on the part of Burns is very different from his stand directly after

The Greatest Doctor on Earth

Nature is the greatest doctor on earth. When she can't cure it is because she needs aid. Now, most people have an idea that this aid is drugs, and when they get sick or suffer from pain of any kind they proceed to dope their stomachs with the stuff that is sold for medicine. That doesn't help any; in fact, it does a great deal of harm. The dope that you put into your stomach is poison and poisons the organs and nerves of your body. What Nature needs is electricity.

When your stomach, kidneys, liver or digestive organs get out of order, it is because they lack the necessary electricity to enable them to perform their regular functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't cure them, because your body hasn't enough electricity to do the work, so you must assist Nature by restoring this electricity where it is needed.

My Electro-Vigor does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electro-Vigor is not an electric belt. It is a dry cell body battery, and makes its own power.

When I began your treatment my whole system was broken down. I had kidney and bladder trouble, rheumatism that always follows kidney trouble, weak stomach, varicose and general debility. Drugs did me no good.

As for results of the use of Electro-Vigor, I will say that I am well and hearty, every organ works properly, and I have no pain. J. L. COLWELL, West Butte, Cal.

I Give It Free

Get my 100-page book describing Electro-Vigor and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know, and gives a lot of good, wholesome advice for men. I'll send this book, prepaid, free, if you will mail me this coupon.

that Colma fiasco. In his statement next morning he came forward with the assertion that he would never challenge Jeffries, as he realized that he did not have a look-in with the big fellow. Can it be possible that the rumors that have been floating up and down the line regarding the increase in the size of Burn's headgear are to be verified by that gentleman himself?

BEST COACH IN MIDDLE WEST

CHICAGO, July 25.—There is probably no more efficient or widely known athletic coach in the country today than Coach A. A. Stagg of the University of Chicago. He is the man who has full charge of all the athletic teams at the Midway institution, and has developed a great many remarkable athletes, as well as placing the University of Chicago among the four or five leading universities of the Middle West from an athletic point of view. Stagg is a member of the faculty, being the head of the department of physical culture, and receives a liberal salary from the university.

Coach Stagg was a famous Yale athlete in his day, and was well known as a football player and a varsity pitcher in the eighties. He graduated from Yale in 1888, but took a two-years' post-graduate course and then became physical director in an Eastern school. In 1892 he came to the University of Chicago, and has become the most prominent and influential figure in Middle Western athletics. He personally has charge of the football and track teams and all the other teams are closely supervised by him, although other men may do some of the coaching on the field. When the new football rules were introduced last season, Stagg was as much at sea as everyone else in the country in regard to how the changes would affect the game. However, he saw the possibilities for speed and scoring power in the more open style of play, and the result was that he turned out one of the fastest teams that has ever been seen in the Middle West, and one with tremendous scoring power. This team defeated the University of Illinois, which was a good team, by the score of 63 to 0. Of course, the scoring done by Eckersall, the phenomenal goal kicker, counted materially.

Arrangements have been completed for the fifteenth national irrigation congress to be held in Sacramento next month.

Signs of weakness in securities are offset by the report of heavy earnings of the United States Steel corporation.
